## history

Since 1985, Habitat Greater Fresno Area has improved housing conditions for over 1,000 families. Located in the San Joaquin Valley, the heart of our nation, Habitat's success not only impacts residents in Fresno and Madera counties, but the state as well! We do not build houses for families—we facilitate a partnership with families who demonstrate a need, the ability to pay an affordable mortgage, and a willingness to partner in the construction of their home.
