### Habitat is...

- An ecumenical, non-profit organization that makes homeownership possible through affordable financing options, the sweat equity of future homeowners, donations, and the time and talent of volunteers.
- Inclusive in the population it serves by welcoming everyone.
- Dedicated to the pursuit of excellence while having fun!

## About Habitat for Humanity International

### our mission

Putting God’s love into action, Habitat for Humanity brings people together to build homes, communities and hope.

### our vision

A world where everyone has a decent place to live.

### our principles

1. Demonstrate the love of Jesus Christ.
2. Focus on shelter.
3. Advocate for affordable housing.
4. Promote dignity and hope.
5. Support sustainable and transformative development.

Habitat for Humanity International is a nonprofit, ecumenical Christian housing ministry dedicated to eliminating substandard housing. Although a Christian ministry, Habitat welcomes people of all backgrounds, races, and religions to build and rehabilitate houses together with families in need. Habitat does not give homes away, but provides an opportunity for affordable home ownership through an affordable finance package. Each Habitat affiliate, like Habitat Greater Fresno Area, relies on local community donations to fund new home construction of Habitat homes, and rehabilitation and revitalization of existing homes and communities. With affiliates in over 70 countries and 1,200 United States communities, Habitat has helped over 6.8 million people achieve strength, stability and self-reliance through shelter. You are now a part of the movement.

## About Habitat for Humanity Greater Fresno Area

Since 1985, Habitat for Humanity Greater Fresno Area (Habitat Greater Fresno Area) has partnered with families to help them attain safe, decent, and affordable shelter through new home construction and neighborhood revitalization programs. The tireless work of volunteers in Fresno and Madera counties has changed the lives of many by building affordable new homes, improving existing homes with neighborhood revitalization, supporting the ReStore operations, assisting in the office, conducting outreach, serving on committees and more. Volunteers are vital to who we are and what we do. Together, we help families build strength, stability, and self-reliance through shelter. Together, we pursue a world where everyone has a safe and decent place to live.

Over 1,100 families served since 1985

1,200 volunteers helped in 2022

Over 31,000 hours volunteered in 2023

## Service Enterprise Certification

In 2017, Habitat Greater Fresno Area became certified by Points of Light as a Service Enterprise. A Service Enterprise is an organization that fundamentally leverages volunteers and their skills throughout their organization to successfully deliver on its social mission.

Research conducted by TCC Group, a national program and evaluation firm, found that organizations operating as Service Enterprises outperform peer organizations on all aspects of organizational effectiveness, and are more adaptable, sustainable, and capable of scaling their work.

Habitat Greater Fresno Area completed a comprehensive assessment and over 20 hours of training and consulting with leaders in the field of volunteerism. Through this process, along with considerable change and planning, Habitat Greater Fresno Area is better able to integrate volunteers into our day-to-day operations. By achieving this level of excellence and certification, our affiliate is now better equipped to leverage your time and talents and better serve our mission!

## The Need for Affordable Housing in Fresno & Madera Counties

Habitat Greater Fresno Area envisions a world where everyone has a safe, decent place to call home. Throughout the world, housing instability, which may include frequent moves, overcrowding, or the threat of eviction or foreclosure, creates stress, depression and hopelessness in too many families.

did you know?

Fresno ranks 2nd in the nation for cities with the highest rates of extreme poverty

a worker earning federal minimum wage would need three full-time jobs to afford a two-bedroom rental

Adults struggling to afford housing describe themselves as less healthy, while insecure housing threatens the well-being and development of millions of children. In our area, many families must pay a high percentage of their income for safe and decent housing. This leads to impossible choices between essential needs. Rent or transportation? Food or health care?

A decent and affordable place to live helps free families from these physical and mental hardships. It places them on a path of new opportunity, increased confidence, and boosted self-reliance. By partnering with Habitat Greater Fresno Area, a family has a stable place to live and spend time together. An affordable mortgage means they have a chance to create savings and invest in their education. A decent roof over their heads establishes their home as a place that protects, instead of endangers, their health.

By creating partnerships with future homeowners, Habitat Greater Fresno Area, and the community, families acquire skills in financial education, access to a safe place to live, and the knowledge to become successful, self-sufficient homeowners.

## Signing In & Hour Tracking

Habitat Greater Fresno Area uses an online tracking system, VolunteerHub, to monitor volunteer hours. Tracking volunteer hours is an important way to determine the impact volunteers are making on our community, provide volunteers an accurate count of their hours, and provide Habitat Greater Fresno Area a method to report hours, as needed.

Each time you arrive for your volunteer event, locate the sign-in table or desk and log into the VolunteerHub tracking system. Habitat Greater Fresno Area staff will be present to guide you through the sign-in process. In certain circumstances, you may sign in using a paper and pen. It is also your responsibility to sign out of VolunteerHub after you complete your volunteer event.

## Weather

Many new home construction and neighborhood revitalization volunteer events take place outside and are often influenced by weather conditions. ReStore locations have a combination of indoor and outdoor volunteer tasks and are not affected by inclement weather conditions.

Temperatures may range from 30 to 100 degrees Fahrenheit. During summer months, drink plenty of water before coming to a volunteer event. Habitat Greater Fresno Area will provide shade and water at your event. During winter months, volunteer events may still be held in mildly rainy conditions, so please dress for the elements.

If a significant rain event occurs that may impact your volunteer event, you will be contacted via telephone or email. You will only be contacted in the event of a cancellation. If you do not hear from Habitat Greater Fresno Area staff, be prepared to move forward with your volunteer event.

## Confidential Information & Contact with the Media

Habitat Greater Fresno Area is dedicated to maintaining the confidentiality of home buyers, volunteers, and donors. Your exposure to confidential material is dependent on your volunteer experience. In all circumstances, exercise your best judgment. Do not share any information with others if it is outside the scope of the volunteer experience. If you are aware of a home buyer issue that requires immediate attention, especially if it involves volunteers, please immediately direct your concern to the Habitat Greater Fresno Area volunteer engagement department or the Executive Director.

On special occasions, media is invited to film and, in some instances, participate in Habitat Greater Fresno Area volunteer events. Often, we ask volunteers to help us tell our story to the media. We ask you to not speak with the media unless you have been authorized by Habitat Greater Fresno Area staff.

## Non-Proselytization

Habitat Greater Fresno Area is a Christ-centered organization, but will not proselytize anyone volunteering with us. Habitat Greater Fresno Area will not work with entities or individuals who insist on proselytizing as a part of their work with us. This means Habitat Greater Fresno Area will not offer assistance on the expressed or implied condition that people must adhere to or convert to a particular faith, or listen and respond to messaging designed to induce conversion to a particular faith.

## Harassment & Discrimination

Habitat Greater Fresno Area is committed to providing a positive work environment free of bias and discrimination. Volunteers are also responsible for helping us maintain an environment free of discrimination. Habitat Greater Fresno Area prohibits any harassment between volunteers, employees or non-employees based upon race, religious creed (including religious dress or grooming), color, national origin, ancestry, physical or mental disability, medical condition, genetic information or characteristics, marital status including domestic partnership, familial status, age, sex (including sexual harassment, gender harassment, and harassment based on pregnancy, childbirth or related medical conditions and breastfeeding or medical conditions related to breastfeeding), gender identity, gender expression, or sexual orientation, military or veteran status, or any other legally protected characteristic or status. Volunteers are also protected if they are perceived to have any of these characteristics or are associated with a person who has, or is perceived to have, any of these characteristics.

Behaviors such as telling ethnic jokes, making religious slurs, using offensive “slang” or other derogatory terms denoting a person’s race, age, national origin, disability or mimicking one’s speech, accent or disability, are examples of prohibited conduct and will not be tolerated in our organization.

Any volunteer who believes they are a victim of sexual or discriminatory harassment is encouraged to let the harasser know that the behavior is unwelcome. In addition, volunteers who believe they have been harassed must immediately report the matter to their supervisor or Executive Director. A grievance will be filed at such time.

## Grievances

We hope all volunteers have an amazing experience serving with Habitat Greater Fresno Area. However, in the event a problem arises during a volunteer’s period of service, no matter how large or small, we have the following grievance procedure in place to ensure all volunteer opinions and concerns are addressed. Habitat Greater Fresno Area defines a grievance as any event, condition, rule, or practice which the volunteer believes violates their rights, treats them unfairly, or causes any degree of unpleasantness or unhappiness on the job.

- Volunteers are encouraged to speak privately and directly with the person(s) involved. Each person should speak kindly and listen carefully to the other person in an attempt to resolve all issues.
- If the persons involved cannot arrive at a satisfactory resolution, they should meet with volunteer department staff. The volunteer department will listen to the concerns expressed and reach a decision on the matter. The volunteer department may seek advice from another member of management before making a decision.
- The volunteer department will follow up with all parties involved within 10 days of the meeting. All volunteers should cooperate and support any decision that is reached.
- If differences cannot be resolved to a volunteer’s satisfaction, the volunteer may file a formal written grievance with the Executive Director. Volunteers should include any evidence supporting their claim, the identity of witnesses, and other information pertinent to the complaint.

- The Executive Director or a designee will investigate the grievance and take any other action necessary to make a decision. The grievance should be filed within 30 days of the incident giving rise to the claim.
- If the volunteer is dissatisfied with the decision of the Executive Director, or if they have a concern about a serious matter such as discrimination or safety issues, they may appeal the decision by filing an objection with the President of the Board. The objection must be filed within 10 days of receiving the decision by the Executive Director.
- The Board President will review the objection and may also ask for additional information from the volunteer or any other person involved. The Board President’s decision is final.

There will be no discrimination against or toward anyone for their part in presenting a grievance. All grievances are handled confidentially.
